

## Cosmo Book Club

Do you like reading? Would you like to improve your TOEIC score? Are you interested in improving your overall English level? If so, maybe Cosmo's Book Club is for you.

The goal of the club is for members to read 5-10 pages of literature each week. Every two weeks members will meet to check their comprehension of the assigned reading, ask questions about difficult grammar from the text, and talk about the themes and deeper meaning of the passages we've read. We'll be reading real literature - not dumbed-down or simplified versions created for language learners. If you're looking for a challenge and are passionate about improving your skills, this class is a great option.

### Cost:

Members sign up for a set of classes covering each individual book. There is no obligation to sign up for every book, however, once a set of classes has started for a book, members can not join after the first class. The first book, *Metamorphosis*, is 4 classes and costs ¥8,000 for Cosmo members.

### Class outline: (predicted)

0-5: small talk

5-10: reading words per minute check

10-15: reading comprehension check

15-30: grammar question time

30-60: discussion

### Homework:

(Before reading)

receive vocabulary list + reading comprehension questions from teacher

Look up words from vocabulary list

(While reading)

Read assigned pages

Write down any difficult questions about grammar/vocabulary/text's meaning to ask in class

(After reading)

Review vocabulary

Re-read any difficult sections to see if the meaning is clearer after looking at them again
